

REPORT ON FLOOD RELIEF WORK BY SIMAT

Majority of the SIMAT fraternity were closely associated with their local authorities for delivering the needful help in their locality. We started a collection centre in our men's hostel and the items donated by students, staffs and management were collected at the centre on 19th, 20th and on 21st of August 2018. 73 food kits and 42 cleaning kits were supplied to the flood relief camps at Kumbidi, Koodalloor etc. Other miscellaneous items were also delivered through the collection centre. This includes the dress for kids, baby diapers etc. The students and some staffs of our college were involved in cleaning the flood affected houses of our locality. Overall, the service to our locality was effective. It was due to the generous attitude of SIMAT fraternity we could deliver this help.
