## ANNUAL REPORT: 2023-2024

# **SREEPATHY INSTITUTE OF MANAGEMENT AND TECHNOLOGY**

## **VISION**

**“Striving for excellence in generation and dissemination of knowledge.”**

## **MISSION**

- **To mould engineers of tomorrow, who are capable of addressing the problems of the nation and the world, by imparting technical education at par with international standards**
- **To instill a desire in students for research, innovation, invention and entrepreneurship**
- **To strive for creative partnership between the industry and the Institute**
- **To impart the values of environment awareness, professional ethics, societal commitment, life skills and a desire for lifelong learning**

**Dr. S P Subramanian**  
**Principal**

## **Introduction**

In 2021, Sreepathy Institute of Management and Technology (SIMAT) achieved a significant milestone by receiving a B++ grade accreditation from the National Assessment and Accreditation Council (NAAC). This recognition was a momentous occasion for the institution, celebrated by its management, staff, and students. Building on this success, SIMAT actively pursued National Board of Accreditation (NBA) accreditation for the department of Computer Science and Engineering. In March 2024, the institution successfully received NBA accreditation for the Department of Computer Science and Engineering (CSE), a major achievement for the institute. The Self-Assessment Report (SAR) for the department was submitted and the expert committee visited the college during 1<sup>st</sup> to 3<sup>rd</sup> March 2024, and this visit culminated in the successful accreditation of the CSE department for three years up to June 30<sup>th</sup> 2027.

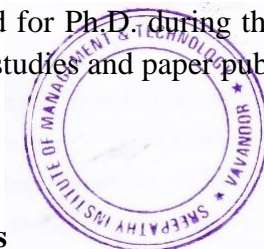

The academic year 2023-2024 marked a period of remarkable advancement across academic, co-curricular, and extracurricular domains within the college. It is an honor to present this comprehensive report, meticulously detailing SIMAT's activities throughout the year 2023-24. This annual report provides an all-encompassing perspective on SIMAT's academic prowess, student-centric support infrastructure, and administrative mechanisms employed during this period. The performance of our students from the 2020-24 batches in the University Examination has shown a noteworthy improvement compared to the previous year's outcomes. This enhancement can be attributed to the successful integration of beneficial tutorial sessions and the collective efforts of both faculty and students, reflecting their commitment and determination.

SIMAT has implemented scholarship programs aimed at benefiting students who have achieved exceptional academic scores, including those who have qualified through the KEAM examination. In the current academic year, Sreepathy Institute of Management and Technology (SIMAT) has received approval to introduce additional courses related to the rapidly evolving field of information technology. These newly sanctioned courses will focus on cutting-edge areas such as Artificial Intelligence, VLSI, and Advanced Communication, aligning with the latest trends and demands in the industry.

SIMAT also condoled the demise of Mr. Sabarinadh, V V, S3 ECE student, due to accidental drowning on 14/11/2023.

SIMAT has conducted an ATAL FDP in the current Academic year. It is a pleasure to announce that many of our faculty members have joined for Ph.D. during this year and a new incentive policy for the faculty who are pursuing higher studies and paper publications has been approved by the management.

## **University Results**

The performance of our students from the 2020-24 batch in the University Examination has shown a notable improvement compared to the previous year. This progress can be attributed to the successful integration of impactful tutorial sessions, coupled with the diligent efforts and commitment of both the faculty members and students, which collectively contributed to the favorable outcomes

It is known that Sreepathy stands among the top 70 colleges in terms of results in the University out of around 140 Engineering Colleges in Kerala which is highly encouraging. The faculty and staff team feel proud to provide quality education by equipping our students with skills, confidence and a positive approach with an all-round development which is made possible with the financial assistance provided by our management.

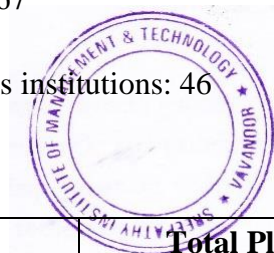

### Training & Placement

The academic year gone by was not a very prospective year for the department due to declining opportunities in the core fields. A lot of placement training activities had been scheduled for the students providing top quality outsourced training for various batches in the areas of soft skills, mathematical aptitude etc.

The department also has made some commendable efforts in providing opportunities for the students (85 in number) to take part in various recruitment drives, via campus/off campus/pooled campus recruitment drives, job fairs etc. The details of few of our students who got placements, are given below

During the academic year 2023-24 at SREEPATHY:

1. Internal Placement Drives:
  - Number of placement drives conducted within the college: 4
2. External Placement Drives:
  - Number of external placement drives attended by students: 10
3. Job Offers Received:
  - Total number of job offers received by students: 67
4. Successful Placements:
  - Number of students successfully placed in various institutions: 46

### **Induction Program**

Sreepathy Institute of Management and Technology (SIMAT) hosted the inauguration of the induction program for First Year B. Tech Engineering students on 18th August 2023 at the Sreepathy Auditorium, "Thiruvaramangalam." The event was graced by the esteemed presence of Padma Vibhushan Dr. E. Sreedharan, known as "The Metro Man of India," who served as the Chief Guest. In his inaugural address, Dr. Sreedharan congratulated the students for choosing Sreepathy Engineering College as their institution for pursuing engineering education. He delivered an inspiring and informative talk, discussing the current state of engineering education in the country and emphasizing the importance of quality in both engineering and its professionals.

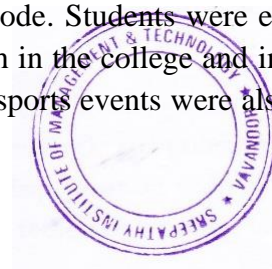

The induction program spanned from 4th to 8th September 2023, with various sessions organized, including compulsory online modules by the University. During this period, students were introduced to the different branches of Engineering, the KTU rules and regulations, cyber laws, safety protocols, and co-curricular activities such as IEDC, NSS, and IEEE. The program concluded with a cultural show, showcasing the talents of the students.

### **MoU – KILA And SREEPATHY**

An MoU was signed between the R & D wing of Sreepathy Institute and Kerala Institute of Local Administration(KILA). The signatories were Dr. S P Subramanian, Principal, Sreepathy and Dr. Joy Elamon, Director General, KILA in the presence of Dr. S Sreekumar, Consultant, KILA, at KILA office Mulankunnathukavu, Thrissur on 29th May 2024.

### **Co-curricular and extracurricular Activities**

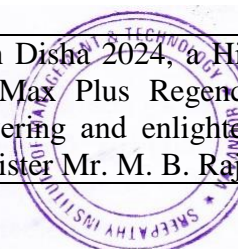

In the co-curricular and extracurricular areas more facilities/ opportunities were created during the year as the college slowly reverted back to the offline mode. Students were encouraged to participate in the various arts / cultural / technical events both in the college and intercollegiate level. Many of our students won prizes in these events. Also sports events were also conducted.

Some of the program conducted by the college, achievements of students and staff are listed below

I feel extremely happy and privileged over the development of the college even during the pandemic and with the kind dedication and guidance by the Sreepathy Trust, our staff members

and students, I am confident that Sreepathy will be known among top Engineering Colleges in Kerala in the near future. Students are oriented here towards conspicuous value additions, namely, the quest for knowledge, the desire for innovation, the approach for total personality development and the pride in being a member of SIMAT family. The institute has rightly envisioned becoming a role model in technical education and the most preferred choice of students, parents, faculty and industry.

Thank You and Best Wishes
