

Dept. of Training & Placements is very happy to inform you that one of our students, **Sarath .M. Warriar of s3 ECE** has been qualified as **'Microsoft student partner'**

He is one among 16 students from Kerala who got selected for the program from hundreds of participants

The MSP Program was initiated in 2001 as a worldwide educational program to sponsor students majoring in disciplines related to technology. The MSP program enhances students' employability by offering training in skills not usually taught in academia, including knowledge of Microsoft technologies. There are more than 3500 MSPs worldwide across 101 countries and regions

The advantages of being a Microsoft student partner;

- Discover and try latest Microsoft technologies before even it is getting released
- Host tech. events on campus
- Get license key (5 nos.) for all Microsoft products absolutely free
- Build global network with industry experts
- Connect with like-minded students and faculty around the world
- Learn new coding languages(eg.C#, XNA)
- Develop applications for Windows Phone and Windows 8
- Meet international Microsoft employees and Student Partners
- Attend trainings from Microsoft leaders to enhance your knowledge about cutting edge technologies
- internship at Microsoft or one of its partners
- Represent Microsoft at ones campus/ university
- Give Seminars in other campuses as ambassadors of Microsoft.

Hoping that we will be having more MSPs in the coming years .
