Run Kerala Run

From Run Kerala Run

Run Kerala Run was organised on 20/01/2015 to express the state's unity and solidarity with the National Games, being hosted by Kerala after an interval of 27 years. Students of Sreepathy Institute of Management and Technology participated in the programme. 120 students of SIMAT managed to run a stretch of 3.5 KMs from Vattenad to campus.

From the Principal's Desk

The proudest moment during my tenure as Principal in Sreepathy was during the declaration of S7 results (2011-15 Batch) by Calicut University. Dept. of CSE produced 100% pass percentage (University top) and Dept. of ME produced 92% pass percentage (3rd in University). That was rare and excellent

Dr S. P Subramanian achievement by the students. The results were
Principal

28% & 16% respectively in their first year. The result proves that nothing is impossible for our students. What is required is an attitude change.

Every act should lead to an output. If the output is positive, all involved feel happy. Nobody likes negative output.

Dear Students,

Your 4 years of study in Sreepathy should lead to a degree with high percentage marks, good character and steps towards the future (higher studies, Placement, start up or so on).

You have the caliber and capacity. Develop the right attitude, so that we teachers, your parents all will be happy and proud of you.

With regards,
Dr S P Subramanian.
