C N C Training Program for Polytechnic Staff

The college have purchased a C N C lathe at a total cost of about 25 Lakhs for the CAD / CAM Laboratory of Mechanical Engineering Department during 2014.

In addition to satisfying to the syllabus requirements of ME classes, we were also trying to utilize the centre to offer training for outsiders.

Sri. Balachandran K.K, W/S, ME Dept. was involved in contacting various organizations in this regard. With his dedicated effort, we could get approval for conducting training for staff members from various Polytechnic Colleges in Kerala.

The first training session is scheduled during 5/10/2015 to 9/10/2015 for 12 Polytechnic Staff.

Many more such training programs are expected to be scheduled in future.

Congratulations to Sri. Balachandran K K and other staff members of Department of ME
