REPORT OF IN HOUSE SEMINAR ON “Recent Advances in Renewable Energy Technologies & Smart Micro Grids”

ISTE –Staff chapter, SIMAT conducted an in house seminar on “**Recent Advances in Renewable Energy Technologies & Smart Micro Grids**” for the staff members of SIMAT on 02 February 2017 at Seminar Hall. The main intention of this is to share the knowledge gained by the staff members who attended the FDP’s at various centers outside SIMAT with our staff members.

The seminar started with the introductory section by Mr. Renjith P.C (AP-EEE) on the Indian energy scenario. After this he elaborated the basic and advanced ideas on solar power generation. The next session of the seminar was handled by Mrs. Smitha G (AP-EEE) on various aspects on wind and ocean energy.

The seminar was very informative and they taken the presentation in an easy way so that it didn’t make any difficulty to understand the concepts.
