Workshop on Android Application Development

A workshop on Android Application Development using MIT App Inventor was conducted on 12th June 2018. The workshop was jointly organized by IEDC (Innovation & Entrepreneurship Development Center), ISTE (Indian Society for Technical Education), IEEE SB & MIT. The workshop started with an inaugural session in the Innovation Lab, SIMAT. Mr. Aju Jose (AP-ME) delivered the welcome speech. Mr. Jayadevan (AP, ECE – NSS Palakkad) inaugurated the workshop. The need of future technologies, the importance of add on courses and the present start up culture of Kerala were mentioned in the inaugural talk. Mr. Sarath Shankar (AP, ME) & Mr. Rahul N U (ISTE Coordinator) felicitated the event. Mr. Sebin Sunny P (IEDC Nodal Officer) delivered the vote of thanks. App Inventor for Android is an open-source web application originally provided by Google, and now maintained by the Massachusetts Institute of Technology (MIT). It allows newcomers to computer programming to create software applications for the Android operating system (OS). It uses a graphical interface, very similar to Scratch and the StarLogo TNG user interface, which allows users to drag-and-drop visual objects to create an application that can run on Android devices. Mr. Vishnu C V (CEO, Jwala Techno Solutions, EEE 2015 Batch), Nithin T (CTO, Jwala Techno Solutions, EEE 2015 Batch) & Sebin Sunny P (Nodal Officer) handled the sessions. 30 students participated in the workshop.

Mr. Jayadevan R (AP, ECE NSS Palakkad) delivering the Inaugural Speech
